How did the Fund perform in the last year?

Portfolio Performance Review

For the twelve months ended October 31, 2024, the Acadian Emerging Markets Portfolio Investor Class returned 28.9% (on a NAV basis), versus 26.0% for the MSCI Emerging Markets Index, a widely followed emerging markets benchmark.

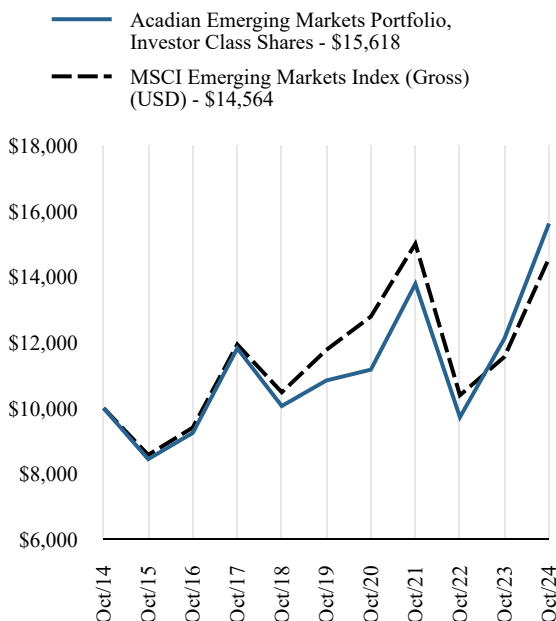

Portfolio Structure

The portfolio was invested in a broad range of emerging companies and markets over the period. The investment process considered both bottom-up company attractiveness and top-down country and industry ratings, combined with benchmark-relative risk controls, to determine individual stock positions.

Significant country overweight positions during the period were Taiwan, China, and Hungary. The portfolio was generally underweighted relative to the benchmark in South Korea, India, and South Africa. At the sector level, the portfolio was focused on Energy, Information Technology, and Communication Services, while Consumer Staples, Financials, and Materials were the greatest underweights.

Householding

Rule 30e-1 of the Investment Company Act of 1940 permits funds to transmit only one copy of a proxy statement, annual report or semi-annual report to shareholders (who need not be related) with the same residential, commercial or electronic address, provided that the shareholders have consented in writing and the reports are addressed either to each shareholder individually or to the shareholders as a group. This process is known as “householding” and is designed to reduce the duplicate copies of materials that shareholders receive and to lower printing and mailing costs for funds. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-866-AAM-6161 (1-866-226-6161) to request individual copies of these documents. Once the Fund receives notice to stop householding, we will begin sending individual copies 30 days after receiving your request.
